WANT TO HELP TACKLE SMOKING?

TACKLE SMOKING is a fun way to assess the amount of smoking at high school football games. Participants will work as part of a team to record how often people smoke at your Friday night football games. You can help make sure everyone complies with your school's 100% Tobacco-Free School policy, or help your school become tobacco free. We need at least 8 people per game to participate. If you're interested, sign up here:
